

National Geographic Society AFN Requests

National Geographic Society AFN Requests

We get requests from National Geographic Society in Alma.

They can be processed the same way as AFN books (i.e. get slips, pull books, scan in books).

An email to Runners is necessary to let them know that Pinto, the driver, will need to make an extra stop.

The material(s) will need to be placed in a box for the courier even if there's only one book.

The routing slip will need to have Anna Rothman's name and phone number (617.500.3303) on it as well as the address:
